

Business Excellence Student Assistant

Deadline:

06-09-2026

Are you passionate about renewable energy and eager to work at the forefront of the global energy transition? PEAK Wind is seeking a Business Excellence Student Assistant who wants to help shape how we work, collaborate, and continuously improve across a global organisation.

Employment type:
Student

Introducing the Business Excellence Team

Practice group:
Project & Business Excellence

You will become part of our Project & Business Excellence team, where we work across the organisation to initiate, coordinate, and drive company-wide strategic, optimisation and development initiatives. We are a small but dedicated team of highly motivated professionals who bring diverse backgrounds and a strong commitment to excellence. Our role is to ensure ideas move from strategy to structured execution – with clarity, ownership, and impact.

Location:
Aarhus, Denmark

You will report directly to the Head of Project & Business Excellence and work closely with colleagues across the organisation, bringing your perspective to a collaborative and purposeful team environment.

How You Will Make an Impact

As a Business Excellence Student Assistant, you will support internal optimisation, digitalisation, and organisational development initiatives. Your key responsibilities will include:

- Explore and support the application of AI tools and automation opportunities across the organisation.
- Develop and maintain a solid catalogue of project management tools.
- Support key document management processes.
- Coordinate internal processes and reporting activities.
- Maintain our information and collaboration platform, Microsoft SharePoint.
- Assist in company-wide communication and knowledge-sharing initiatives.
- Various ad hoc tasks and projects with stakeholders across the organisation.

What Will Make You Successful in This Role

At PEAK Wind, we know success comes in many forms. What matters most is your mindset, curiosity, and drive to make an impact. The following qualities and experiences will help you succeed in this role:

- Currently pursuing a degree in Business Administration, Economics, IT, Digitalisation, Communication, or a related field.
- Curious about AI, emerging technologies, and how digital solutions can create business value.
- Clear and effective communication skills in English, both spoken and written
- A structured approach to problem-solving and the ability to take initiative
- A collaborative mindset and the ability to thrive in an international, cross-functional team
- Good knowledge of Microsoft Office applications, including Word, PowerPoint, and Excel.
- Familiarity with SharePoint, Microsoft Copilot, Power Automate, Power BI, or other AI and digital tools is considered an advantage.
- Strong interest in AI/LLMs, problem-solving, and translating business processes into structured data and workflows.

Why Join PEAK Wind

- An international, inclusive, and diverse workplace where differences are valued
- The opportunity to work hands-on with AI, process optimisation, and digital transformation initiatives that create real business impact.
- Flexible working arrangements that support both your career and personal life

- A flat organisational structure where your ideas are welcomed and your contributions matter
- A strong focus on your learning, development, and professional growth.
- A culture that values commitment, meaningful contributions, and having fun

Our Commitment to Inclusion and Fair Hiring

We believe that a diverse and inclusive workplace drives innovation, creativity, and stronger results. At PEAK Wind, we are committed to fair and transparent hiring processes, welcoming candidates from all backgrounds, identities, and experiences. Our hiring decisions focus on what each person brings to the role and our team, and we are committed to ensuring transparent salary structures, with pay decisions based on clear, objective, and genderneutral criteria. Salary information, including the relevant salary band, will be shared with candidates when they are invited to a first interview.

How to Apply

We look forward to receiving your application. Applications will be reviewed on an ongoing basis, and we reserve the right to close the recruitment process once the right candidate has been found. Please apply directly through our website. If you have any questions or would like to know more about the position, please contact People & Development at recruitment@peak-wind.com.

About PEAK Wind

PEAK Wind is an independent renewable energy specialist in commercial, financial, and technical operations, delivering advisory, intelligence, and asset management services to investors and developers around the world. From onshore and offshore wind generation to Power-to-X, we work across the entire energy lifecycle to optimise operations and maintenance, enhance asset performance, and provide a holistic view of renewable infrastructure portfolios.

Our values - Expertise, Passion, Unity, and Integrity - are reflected in everything we do, from how we support our clients to how we collaborate as a team. At PEAK Wind, you will be able to apply your professional
