

Internal Business Excellence Consultant

Deadline:
20-09-2026

Are you passionate about renewable energy and eager to work at the forefront of the global energy transition? PEAK Wind is seeking an Internal Business Excellence Consultant to lead internal projects and support strategic business development initiatives that strengthen our operations, enhance our service offering, and contribute to the continued growth of the business.

Employment type:

Full time

Practice group:

Project & Business Excellence

Introducing the Project & Business Excellence Team

You will become part of our Project & Business Excellence team, where we work across the organisation to initiate, coordinate, and drive company-wide strategic, optimisation and development initiatives. We are a small but dedicated team of highly motivated professionals who bring diverse backgrounds and a strong commitment to excellence. Our role is to ensure ideas move from strategy to structured execution – with clarity, ownership, and impact.

Location:

Aarhus, Denmark, Copenhagen, Denmark

You will report directly to the Head of Project & Business Excellence and work closely with colleagues across the organisation, bringing your perspective to a collaborative and purposeful team environment.

How You Will Make an Impact

As an Internal Business Excellence Consultant, you will contribute to the success of internal projects. Your key responsibilities will include:

- Project Management:** Lead and manage internal projects aimed at enhancing business processes, operational efficiency, and overall business performance.
- Business Development:** Support business development activities in order to secure long-term value and strategic direction of PEAK Wind.
- Strategic Development:** Support the execution of strategic priorities
- AI:** Explore and support the application of AI tools and automation opportunities across the organisation.
- PEAK Wind Toolbox:** Act as a sparring partner to the line organisation on problemsolving, development activities, and application of consulting best practices.
- Document Management:** Maintain, review, and update documentation to ensure it reflects changes in processes, technologies, and regulations.
- Process Improvement:** Collaborate closely with cross-functional teams to identify, implement, and sustain process improvements across the organisation.

What Will Make You Successful in This Role

At PEAK Wind, we know success comes in many forms. What matters most is your mindset, curiosity, and drive to make an impact. The following qualities and experiences will help you succeed in this role:

- A degree in a relevant field such as Business Administration & Economics, Project Management, or similar
- Strong project management and stakeholder management skills, with the ability to drive initiatives from idea to execution
- Professional experience in the energy industry or another complex environment is considered an advantage and not a requirement
- Clear and effective communication skills in English, both spoken and written
- A structured approach to problem-solving and the ability to take initiative
- A collaborative mindset and the ability to thrive in an international, cross-functional team
- Strong PowerPoint and Excel skills

Why Join PEAK Wind

- An international, inclusive, and diverse workplace where differences are valued
- The opportunity to work on crossfunctional projects driving operational excellence and

business improvements across the organisation

- Flexible working arrangements that support both your career and personal life
- A flat organisational structure where your ideas are welcomed and your contributions matter
- A strong focus on your learning, development, and professional growth.
- A culture that values commitment, meaningful contributions, and having fun

Our Commitment to Inclusion and Fair Hiring

We believe that a diverse and inclusive workplace drives innovation, creativity, and stronger results. At PEAK Wind, we are committed to fair and transparent hiring processes, welcoming candidates from all backgrounds, identities, and experiences. Our hiring decisions focus on what each person brings to the role and our team, and we are committed to ensuring transparent salary structures, with pay decisions based on clear, objective, and genderneutral criteria. Salary information, including the relevant salary band, will be shared with candidates when they are invited to a first interview.

How to Apply

We look forward to receiving your application. Applications will be reviewed on an ongoing basis, and we reserve the right to close the recruitment process once the right candidate has been found. Please apply directly through our website. If you have any questions or would like to know more about the position, please contact People & Development at recruitment@peak-wind.com.

About PEAK Wind

PEAK Wind is an independent renewable energy specialist in commercial, financial, and technical operations, delivering advisory, intelligence, and asset management services to investors and developers around the world. From onshore and offshore wind generation to Power-to-X, we work across the entire energy lifecycle to optimise operations and maintenance, enhance asset performance, and provide a holistic view of renewable infrastructure portfolios.

Our values - Expertise, Passion, Unity, and Integrity - are reflected in everything we do, from how we support our clients to how we collaborate as a team. At PEAK Wind, you will be able to apply your professional skills in a dynamic environment and experience a meaningful responsibility and involvement.
